Committee on Public Safety and Security
Legislative Office Building
Hartford, CT 06106

UCAC represents the utility contractors and excavators who specialize in water, drainage, sewer, sitework, and underground public utility construction work. UCAC members also include material and specialty equipment suppliers, utility companies, municipalities and professionals allied with the utility and sitework construction industry. UCAC is the Connecticut chapter of the National Utility Contractors Association.

UCAC supports **SB-323, An Act Concerning Crane Operations** as a means of continuing Connecticut's long term commitment to crane operator safety and the safety of the citizens of Connecticut.

Sincerely,

Faith Gavin Kuhn
UCAC Executive Director
